In addition, the risks set out in this Draft Prospectus are not exhaustive. The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some events may not be material individually but may be found material collectively.
2. Some events may have material impact qualitatively instead of quantitatively.
3. Some events may not be material at present but may be having material impact in future.

INTERNAL RISK FACTORS

- 1. *We generally do business with our customers on purchase order basis and do not enter into long term contracts with most of them. Our inability to maintain relationships with our customers could have an adverse effect on our business, prospects, results of operations and financial condition.***

Our business is dependent on our continuing relationships with our customers. Our Company neither has any long-term contract with any of customers nor has any marketing tie up for our products. Any change in the buying pattern of our customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations.

Our business depends on the continuity of our relationship with our customers. There can be no assurance that we will be successful in maintaining such relationships or increasing the number of such relationships. If we are not able to maintain existing relationships with our current customers or if we are not able to develop new relationships, including if we are not able to provide services on a timely basis or offer services that meet the needs of the customers, the number of customers could decline in the future and as a result, our business, prospects, results of operations and financial condition could be adversely affected in the future.

- 2. *Our Product’s price may increase after the introduction of new tax regime, which may adversely affect our revenue from operations.***

Our company trades in textile products which were exempt under the erstwhile central and state tax regimes. The Goods and Services Tax (GST) came into force w.e.f. July 01, 2017. Our traded or processed goods are covered under the taxable supplies as per new tax regime. After the introduction of GST, there may be an increase in the

purchase cost, ultimately affecting the sale price of our products. This may have a negative impact on the textile sector as compared to erstwhile taxation mainly because of non occurrence of taxes as per earlier tax regimes.

3. Our business is significantly dependent on our job workers. Failure to follow the specifications as per customers' prescriptions by our job workers may increase our cost of sales and adversely affect our profitability.

Our company purchases raw materials from our suppliers based on the orders received from our customers. According to customers' prescriptions, we prepare the design of knitted fabrics and send the raw materials along with designs to job workers for manufacturing / processing of lace and embroidered goods. Our job workers carry out different tasks such as knitting, lace cutting, stitching and embroidery work etc. If job workers fail to manufacture or process the goods as per designs given by us, then we shall fail to deliver the finished goods to our customers as they will refuse to take the product which is not as per their specification. Further we would have to deliver the right products to our customers and as a result our product cost may increase and our profitability could be adversely affected.

4. We do not own some of our key properties which are used by us currently.

We do not own the premise on which our registered Office and godown are situated. We have our registered office at IX/6024, Ram Gali, Subhash Mohalla, Gandhi Nagar, New Delhi-110031. We have taken the said office on rent from Umed Mal Bothra on a monthly rent basis. The tenure of this agreement is for 36 months which expires on 31st July, 2019. Further our corporate office situated at Unit No. 328-329, RG Complex-II, Plot No. 5, Sector 14, Rohini, New Delhi-110085, has also been acquired on lease basis from Umesh Kumar Sharma on an average monthly rent basis. The tenure of this agreement is for 36 months which expires on 07th May, 2020.

If any of the owners of these premises revokes the arrangements under which we occupy the premises or imposes terms and conditions that are unfavourable to us, or if we are otherwise unable to occupy such premises, we may suffer a disruption in our operations or have to pay increased license fee, which could have an adverse effect on our business and financial results.

5. Our operations are significantly located in the New Delhi region and failure to expand our operations may restrict our growth and adversely affect our growth.

Currently, our corporate office is situated in New Delhi and we are carrying our business mainly from our New Delhi Office. Hence our revenues are generated from operations in this region only. In the event that demand for our products and services in general reduces or stops by any reason including political discord or instability or change in policies of State, then our financial condition and operating results may be materially and adversely affected. Geographical and functional expansion of our business domain requires establishment of adequate network. As we seek to diversify our regional focus we may face the risk that our competitors may be better known in other markets, enjoy better relationships with customers. Our lack of exposure in geographical boundaries outside our operating region could impact our future revenues.

6. We have issued Equity Shares during the last year at a price that may be below the Issue Price.

We have issued certain Equity Shares in the last twelve months, at a price that may be lower than the Issue Price. Details of such issuances are given in the table below:

Date of Allotment	No. of Equity Shares	Issue Price (₹)	Nature of Allotment	Allotted Person
September 13, 2016	9,29,250	Nil	Bonus Allotment	Allotted to all the Shareholders of the Company

For Further details of equity shares issued, please refer to the section titled "Capital Structure" beginning on page no. 39 of this Draft Prospectus.

7. The prices we are able to obtain for the textile products that we trade depend largely on prevailing market prices.

The price of the products traded by us has a significant impact on our profits. Textiles has been subject to price fluctuations resulting from weather, domestic and foreign trade policies, shifts in supply and demand and other

factors beyond our control. As a result, any fluctuation in prices could have a material adverse effect on our Company and our results of operations.

- 8. *Proposed objects of the issue for which funds are being raised have not been appraised by any bank or financial institution. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.***

The objects of the issue for which the funds are being raised have not been appraised by any bank or financial institution. In the absence of such independent appraisal, the requirement of funds raised through this issue, as specified in the section titled “*Objects of the Issue*” are based on the company’s estimates and internal research. We may have to revise our management estimates from time to time and consequently our funding requirements may also change. This may result in rescheduling of our expenditure plans and an increase or decrease in our proposed expenditure for a particular object. Deployment of these funds is at the discretion of the management and the Board of Directors of the company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

- 9. *Our Company has reported certain negative cash flows from its investing activity and operating activity, details of which are given below. Sustained negative cash flow could impact our growth and business.***

Our Company had reported certain negative cash flows from our investing activities and operating activities in the previous years as per the restated financial statements and the same are summarised as under:

(₹ in lakhs)

Particulars	For the year ended March 31,				
	2017	2016	2015	2014	2013
Cash flow from Operating Activities	3.64	(40.19)	0.73	(101.81)	(126.98)
Cash flow from Investing Activities	(13.58)	17.11	19.54	9.31	126.48
Cash flow from Financing Activities	22.00	-	-	96.85	-

If our Company is not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

- 10. *Substantial portion of our revenues has been dependent upon our few clients. The loss of any one or more of our major clients would have a material adverse effect on our business operations and profitability.***

For the period ended March 31, 2017, our top 5 clients contributed almost 88.47% of our sales. The loss of our major customers or a decrease in the volume of products sourced from us may adversely affect our revenues and profitability. We cannot assure you that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our operations and profitability.

- 11. *We may not be able to maintain our current levels of profitability due to increased costs or reduced spreads.***

Our business strategy involves a relatively high level of ongoing interaction with our clients. We believe that this involvement is an important part of developing our relationship with our clients, identifying new cross-selling opportunities and monitoring our performance. However, this level of involvement also entails higher levels of costs and also requires a relatively higher gross spread, or margin, on the consumer lending products we offer in order to maintain profitability. There can be no assurance that we will be able to maintain our current levels of profitability if the gross spreads on our consumer lending products were to reduce substantially, which could adversely affect our results of operations.

- 12. *We have in the past entered into related party transactions and may continue to do so in the future***

We have entered into transactions with our promoters, our Group Companies and affiliates. For a list of related parties, please see the chapter titled “*Financial Statements – Annexure XIX- Related Party Transaction*” beginning on page no. 112 of this Draft Prospectus While we believe that all such transactions have been conducted on an arm’s length basis, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise.

13. *Our business requires us to obtain and renew certain registrations, licenses and permits from government and regulatory authorities and the failure to obtain and renew them in a timely manner may adversely affect our business operations.*

Currently Our Company is engaged in the business of trading of fabrics and textile material and thus currently we are not required to obtain or renew any registrations or licenses from government and regulatory authorities. However if we plan to explore other business segments in the future we may be required to obtain and renew, certain approvals, licenses, registrations and permits, some of which may expire and for which we may have to make an application for obtaining the approval or its renewal. If we fail to maintain such registrations and licenses or comply with applicable conditions, or a regulatory authority claims we have not complied, with these conditions, our certificate of registration for carrying on a particular activity may be suspended and/or cancelled and we will not then be able to carry on such activity. This could materially and adversely affect our business, financial condition and results of operations. We cannot assure you that we will be able to obtain approvals in respect of such applications or any application made by us in the future. For more information about the licenses required in our business and the licenses and approvals applied for, please refer to sections titled “*Government and other Key Approvals*” beginning on page no. 123 of this Draft Prospectus.

14. *We have applied for registration of our name and logo but do not own the trademark legally as on date. We may be unable to adequately protect our intellectual property. Furthermore, we may be subject to claims alleging breach of third party intellectual property rights.*

We have applied for registration of our name and logo under the provisions of the Trademarks Act, 1999 and do not own the trademark as on date. As such, we do not enjoy the statutory protections accorded to a registered trademark as on date. There can be no assurance that we will be able to register the trademark and the logo in future or that, third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Further, we cannot assure you that any application for registration of our trademark in future by our Company will be granted by the relevant authorities in a timely manner or at all. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property. For further details, please see the chapter titled “*Government and Other Statutory Approvals*” beginning on page no. 123 of this Draft Prospectus.

15. *If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.*

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all relevant statutory and regulatory compliances. However, there can be no assurance that deficiencies in our internal controls will not arise or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.

16. *The success of our business operations are dependent on the knowledge and experience of our Directors and key management personnel as well as our ability to attract, train and retain such employees.*

The success of our business operations is attributable to our Directors, senior management team and key management personnel. We believe that the experience of our senior management team has enabled us to experience consistent growth and profitability as well as a robust liquidity and capital position. Our ability to sustain our growth depends upon our ability to attract and retain key personnel, developing managerial experience to address emerging business and operating challenges and ensuring a high standard of customer service.

We may face attrition of our existing workforce as a result of increased competition or other factors relating to our businesses. If we cannot hire additional qualified personnel or retain them, our ability to expand our business will be impaired and our revenue could decline. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train and motivate our employees properly may result in an increase in employee attrition rates, require additional hiring, erode the quality of customer service, divert

management resources, increase our exposure to high-risk credit and impose significant costs on us. Any inability to attract and retain talented employees or the resignation or loss of key management personnel, may have an adverse impact on our business, future financial performance and the price of our Equity Shares.

17. *We depend on the accuracy and completeness of information about customers and counterparties and any misrepresentation, errors in or incompleteness of such information could cause our business to suffer.*

In deciding whether to extend credit or enter into other transactions with customers, we rely on information furnished to us by or on behalf of customers. We may also rely on certain representations from our customers as to the accuracy and completeness of that information. For ascertaining the creditworthiness and encumbrances on collateral we may depend on credit information companies or credit bureaus and on independent valuers in relation to the value of the collateral. Our reliance on any misleading information given may affect our judgment of credit worthiness of potential borrowers and the value of and title to the collateral, which may affect our business, prospects, results of operations and financial condition. Moreover, the availability of accurate and comprehensive credit information on retail customers and small businesses in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such debt advisory services. While the law provides us with better access to credit information, there may be relatively less financial and credit information available on small and medium enterprises and in relation to the possibility of double-financing obtained by any such clients, than may have been available in a more developed economy and the availability of such financial and credit information in India may be considered to suffer from an absence of competitive pressure at present.

18. *Textile Industry is an extremely competitive industry and we face risk of duplication of our products which may affect demand for our products.*

Our purchase and sales models includes various intermediaries who may connect with our competitors and share details of the specialities of our products. We may not be able to protect our trade secrets and may not be able to detect the same as well. We have not entered into any non-disclosure agreements with our intermediaries and thus our efforts towards marketing of our products may be leaked to other players in the market. This may affect the demand and exclusivity of our products and make us subject to fierce competition thereby adversely affecting our business, financial condition and results of operations.

19. *System failures or inadequacy and security breaches in computer systems may adversely affect our business.*

Our business is increasingly dependent on our ability to process, on a daily basis, a large number of transactions. Our financial, accounting or other data processing systems may fail to operate adequately or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or communication services. Our ability to operate and remain competitive will depend in part on our ability to maintain and upgrade our information technology systems on a timely and cost-effective basis. The information available to and received by our management through our existing systems may not be timely and sufficient to manage risks or to plan for and respond to changes in market conditions and other developments in our operations. We may experience difficulties in upgrading, developing and expanding our systems quickly enough to accommodate our growing customer base and range of services Our computer systems, software and networks may be vulnerable to unauthorized access, computer viruses or other malicious code and other events that could compromise data integrity and security.

Any failure to effectively maintain or improve or upgrade our management information systems in a timely manner could materially and adversely affect our competitiveness, financial position and results of operations. Moreover, if any of these systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes or systems, it could affect our operations or result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation. In addition, our ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports our businesses and the localities in which we are located.

20. *There may be potential conflict of interests between our company with proprietary concern and other venture or enterprises promoted by our promoter or directors.*

The Main Object Clause of our family proprietary concern viz. M/s. Mangal Lace Agency and our Group Companies viz. Anoopurva Fashion Fabrics Private Limited permits them to undertake similar business to that of our business, which may create a potential conflict of interest and which in turn, may have an implication on our

operations and profits. For e.g. our godown is very close to other shop (M/s. Mangal Lace Agency) and sometime we end up sharing key infrastructure also. Our promoter brother Mr. Arun Kumar Mangal looks after the proprietary concern and our Company is primarily manage by Mr. Shambhu Dayal Mangal and Mr. Anoop Kumar Mangal and hence, each company has its independent business, we cannot be assured that we shall be able to adopt necessary measures for mitigating these conflicts and hence the same if not managed well, could adversely affect our results of operations and financial condition.

Also, our Company does not have any non-compete or such other agreement / arrangement with the above said companies. For further details, please refer to the chapters titled 'Our Business', 'Our Group Companies', beginning on page nos. 64 and 94, respectively and *Annexure XIX - Related Party Transactions*" on page no. 112 of this Draft Prospectus.

21. *Our business may be affected by seasonal trends in the Indian economy. Any significant event such as unforeseen floods, earthquakes, epidemics or economic slowdowns during this peak season would materially and adversely affect our results of operations and growth.*

Our business operations may be affected by seasonal trends in the Indian economy. Generally, the period from October to March is the peak period in India for retail economic activity. This increased or seasonal activity is the result of several holiday periods, improved weather conditions and crop harvests. We generally experience higher volumes of business during this period. Any significant event such as unforeseen floods, earthquakes, epidemics or economic slowdowns during this peak season would materially and adversely affect our results of operations and growth. During these periods, we may continue to incur operating expenses but our income from operations may be delayed or reduced.

22. *Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flow and liquidity.*

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirement accordingly. If our management has misjudged expected customer demand it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory.

23. *Our key management personals are dependent on our promoters. Lack of experience in KMPs may adversely affect our business operations and profitability.*

Our Promoters play key role in our functioning and we heavily rely on their knowledge and experience in operating our business and therefore, it is critical for our business that our Promoters remain associated with us. Our success also depends upon the continued services of our promoters and our ability to attract, train and retain them.

Our Key management personals are not much experienced in the field of textile market. The success of our business operations is attributable to our Promoters. Our key management personals are dependent on our promoters. Our Promoter, Mr. Shambhu Dayal Mangal has significant industry experience and has been instrumental in the consistent growth of our company. We benefit from our relationship with our Promoters and our success depends upon the continuing services of our Promoters who have been responsible for the growth of our business and are closely involved in the overall strategy, direction and management of our business. The loss of services of our promoters could impair our ability to implement our strategy, and our business, future financial performance and the price of our Equity Shares may be materially and adversely affected.

24. *The deployment of funds raised through this issue shall not be subject to any Monitoring Agency and shall be purely dependent on the management of the company.*

Since the issue size is less than ₹ 100 crores, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised through this issue, is hence at the discretion of the management and the Board of Directors of the company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

25. *We have not made any alternate arrangements for meeting our regular working capital requirements. If our operations do not generate the necessary cash flow, our working capital requirements may negatively affect our operations and financial performance.*

As on date, we have not made any alternate arrangements for meeting our working capital requirements. We meet our working capital requirements through our owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt would result in us being unable to meet our working capital requirements, which in turn will negatively affect our financial condition and results of operations.

26. *We could be exposed to risks arising from misconduct, fraud and trading errors by our employees and Business Associates.*

Frauds or other delinquencies by employees could include indulging in transactions that exceed authorized limits or present unacceptable risks to us; hiding unauthorized or unsuccessful trading activities from us; or the improper use of confidential information. Such misconduct could result in unacceptable business risks, losses, invite regulatory sanctions and seriously harm our reputation and could even lead to litigation. The precautions we take to prevent and detect these activities may not be effective. Any delinquencies or trading errors on the part of our employees could materially affect our business operations, financial position and/or reputation.

27. *The Equity Shares issued pursuant to the Issue may not be listed on the BSE in a timely manner or at all.*

In accordance with the Indian law and practice, permission for listing and trading of Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorising the issuing of Equity Shares to be submitted and there could therefore be a failure or delay in listing the Equity Shares on the BSE. Any failure or delay in obtaining such approval would restrict your ability to dispose of your Equity Shares.

28. *Our Promoter and Directors may have interest in our Company, other than reimbursement of expenses incurred or remuneration.*

Our Promoter and Directors may be deemed to be interested to the extent of the Equity Shares held by them, or their relatives or our Group Entities, and benefits deriving from their directorship and shareholding in our Company. Our Promoter are interested in the transactions entered into between our Company and themselves as well as between our Company and our Group Entities. For further details, please refer to the chapters titled “Our Business” and “Our Promoter and Promoter Group”, beginning on page nos. 64 and 90 respectively and the chapter titled “Annexure XIX - Related Party Transactions” on page no. 112 under chapter titled “Financial Statements” beginning on page no. 99 of this Draft Prospectus.

RISK FACTORS RELATED TO EQUITY SHARES

29. *Any further issuance of Equity Shares by Our Company or sales of Equity Shares by any significant shareholders may adversely affect the trading price of the Equity Shares.*

Any future issuance of Equity Shares by our Company could dilute the investors’ shareholding. Any such future issuance of Equity Shares or sales of Equity Shares by any of our significant shareholders may also adversely affect the trading price of the Equity Shares, and could impact our ability to raise capital through an offering of securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares.

30. *There is no existing market for our Equity Shares, and we do not know if one will develop. Our stock price may be highly volatile after the Issue and, as a result, you could lose a significant portion or all of your investment.*

There is no guarantee that our Equity Shares will be listed on the Stock Exchanges in a timely manner or at all and any trading closures at the Stock Exchanges may adversely affect the trading price of our Equity Shares. Prior to the Issue, there has not been a public market for the Equity Shares. Further, we cannot predict the extent to which investor interest will lead to the development of an active trading market on the Stock Exchanges or how liquid that market will become. If an active market does not develop, you may experience difficulty selling the Equity Shares that you purchased. The Issue Price is not indicative of prices that will prevail in the open market following the Issue. Consequently, you may not be able to sell your Equity Shares at prices equal to or greater than the Issue

Price. The market price of the Equity Shares on the Stock Exchanges may fluctuate after listing as a result of several factors, including the following:

- Volatility in the Indian and other Global Securities Markets;
- The performance of the Indian and Global Economy;
- Risks relating to our business and industry, including those discussed in this Draft Prospectus;
- Strategic actions by us or our competitors;
- Investor perception of the investment opportunity associated with the Equity Shares and our future performance;
- Adverse media reports about us, our shareholders or Group Companies;
- Future sales of the Equity Shares;
- Variations in our quarterly results of operations;
- Differences between our actual financial and operating results and those expected by investors and analysts;
- Our future expansion plans;
- Perceptions about our future performance or the performance of textile sector companies generally;
- Performance of our competitors in the Textile industry and the perception in the market about investments in the Textile sector;
- Significant developments in the regulation of the Textile industry in our key locations;
- Changes in the estimates of our performance or recommendations by financial analysts;
- Significant developments in India's economic liberalisation and deregulation policies; and
- Significant developments in India's fiscal and environmental regulations. There has been significant volatility in the Indian stock markets in the recent past, and our Equity Share

Price could fluctuate significantly as a result of market volatility. A decrease in the market price of the Equity Shares could cause you to lose some or all of your investment.

31. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, the Equity Shares at a particular point in time.*

The price of the Equity Shares will be subject to a daily circuit breaker imposed by all stock exchanges in India which does not allow transactions beyond a certain level of volatility in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by the SEBI on Indian stock exchanges. The percentage limit on our circuit breaker is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchanges do not inform us of the percentage limit of the circuit breaker from time to time, and may change it without our knowledge. This circuit breaker effectively limits upward and downward movements in the price of the Equity Shares. As a result, shareholders' ability to sell the Equity Shares, or the price at which they can sell the Equity Shares, may be adversely affected at a particular point in time.

32. *Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.*

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements, and that of our Subsidiary and the dividends they distribute to us. In the past, we have not made dividend payments to the Shareholders of our Company. The Company may decide to retain all future earnings, if any, for use in the operations and expansion of the business. In such situation, the Company may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. We cannot state with any certainty whether we will be able to pay dividends in the future. Accordingly, realization of a gain on Shareholders' investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that our Equity Shares will appreciate in value.

33. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if Securities Transaction Tax (STT) has been paid on the transaction. STT will be levied on and collected by a domestic stock exchange on which the

equity shares are sold. Any gain realized on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognised stock exchange and on which no STT has been paid, will be subject to long term capital gains tax in India. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares. In addition, changes in the terms of tax treaties or in their interpretation, as a result of renegotiations or otherwise, may affect the tax treatment of capital gains arising from a sale of Equity Shares.

EXTERNAL RISK FACTORS

34. The Companies Act, 2013 has effected significant changes to the existing Indian company law framework, which may subject us to higher compliance requirements and increase our compliance costs.

A majority of the provisions and rules under the Companies Act, 2013 have recently been notified and have come into effect from the date of their respective notification, resulting in the corresponding provisions of the Companies Act, 1956 ceasing to have effect. The Companies Act, 2013 has brought into effect significant changes to the Indian company law framework, such as in the provisions related to issue of capital, disclosures in prospectus, corporate governance norms, audit matters, related party transactions, introduction of a provision allowing the initiation of class action suits in India against companies by shareholders or depositors, a restriction on investment by an Indian company through more than two layers of subsidiary investment companies (subject to certain permitted exceptions), prohibitions on loans to directors and insider trading and restrictions on directors and key managerial personnel from engaging in forward dealing. Further, companies meeting certain financial thresholds are also required to constitute a committee of the board of directors for corporate social responsibility activities and ensure that at least 2% of the average net profits of the company during three immediately preceding financial years are utilized for corporate social responsibility activities. Penalties for instances of non-compliance have been prescribed under the Companies Act, 2013, which may result in inter alia, our Company, Directors and key managerial employees being subject to such penalties and formal actions as prescribed under the Companies Act, 2013, should we not be able to comply with the provisions of the New Companies Act within the prescribed timelines, and this could also affect our reputation.

To ensure compliance with the requirements of the Companies Act, 2013 within the prescribed timelines, we may need to allocate additional resources, which may increase our regulatory compliance costs and divert management attention. While we shall endeavour to comply with the prescribed framework and procedures, we may not be in a position to do so in a timely manner.

The Companies Act, 2013 introduced certain additional requirements which do not have corresponding equivalents under the Companies Act, 1956. Accordingly, we may face challenges in interpreting and complying with such provisions due to limited jurisprudence on them. In the event, our interpretation of such provisions of the Companies Act, 2013 differs from, or contradicts with, any judicial pronouncements or clarifications issued by the Government in the future, we may face regulatory actions or we may be required to undertake remedial steps. Additionally, some of the provisions of the Companies Act, 2013 overlap with other existing laws and regulations (such as the corporate governance norms and insider trading regulations). We may face difficulties in complying with any such overlapping requirements. Further, we cannot currently determine the impact of provisions of the Companies Act, 2013, which are yet to come in force. Any increase in our compliance requirements or in our compliance costs may have an adverse effect on our business and results of operations.

35. Any changes in the regulatory framework could adversely affect our operations and growth prospects.

Our Company is subject to various regulations and policies. For details see section titled “*Key Industry Regulations and Policies*” beginning on page no. 72 of this Draft Prospectus. Our business and prospects could be materially adversely affected by changes in any of these regulations and policies, including the introduction of new laws, policies or regulations or changes in the interpretation or application of existing laws, policies and regulations. There can be no assurance that our Company will succeed in obtaining all requisite regulatory approvals in the future for our operations or that compliance issues will not be raised in respect of our operations, either of which could have a material adverse effect on our business, financial condition and results of operations.

36. *Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition and prospects.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes, including the instances mentioned below, may adversely affect our business, results of operations, financial condition and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. The GOI has introduced a comprehensive national goods and services tax ("GST") regime that has combined taxes and levies by the Central and State Governments into a unified rate structure which is effective from July 1, 2018. While the GoI and other state governments have announced that all committed incentives will be protected following the implementation of the GST, given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to this or any other aspect of the tax regime following implementation of the GST. The implementation of this rationalized tax structure may be affected by any disagreement between certain state governments, which may create uncertainty. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable.

We have not determined the impact of these proposed legislations on our business. Uncertainty in the applicability, Interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. Further, the GoI may introduce a waiver or incentive scheme in relation to specific population segments such as MSEs in public interest, pursuant to which we may be required to Issue our products and services at discounted rates. This may affect our business and results of operations.

37. *Civil disturbances, extremities of weather, regional conflicts and other political instability may have adverse affects on our operations and financial performance.*

Certain events that are beyond our control such as earthquake, fire, floods and similar natural calamities may cause interruption in the business undertaken by us. Our operations and financial results and the market price and liquidity of our equity shares may be affected by changes in Indian Government policy or taxation or social, ethnic, political, economic or other adverse developments in or affecting India.

38. *Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.*

Terrorist attacks and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade and also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence, impede travel and other services and ultimately adversely affect our business. In addition, any deterioration in relations between India and Pakistan might result in investor concern about stability in the region, which could adversely affect the price of our Equity Shares.

India has also witnessed civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on the value of share prices generally as well as the price of our Equity Shares. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the price of our Equity Shares.

39. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets.

The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also

experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

40. Any downgrading of India's debt rating by a domestic or international rating agency could adversely affect our Company's business.

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our Company's ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could harm our Company's business and financial performance and ability to obtain financing for capital expenditures.

41. Conditions in the Indian securities market and stock exchanges may affect the price and liquidity of our Equity Shares.

Indian stock exchanges, which are smaller and more volatile than stock markets in developed economies, have in the past, experienced problems which have affected the prices and liquidity of listed securities of Indian companies. These problems include temporary exchange closures to manage extreme market volatility, broker defaults, settlement delays and strikes by brokers. In addition, the governing bodies of the Indian stock exchanges have from time to time restricted securities from trading, limited price movements and restricted margin requirements. Further, disputes have occurred on occasion between listed companies and the Indian stock exchanges and other regulatory bodies that, in some cases, have had a negative effect on market sentiment. If similar problems occur in the future, the market price and liquidity of the Equity Shares could be adversely affected. Further, a closure of, or trading stoppage on, either of the Stock Exchanges could adversely affect the trading price of our Equity Shares.

42. We will prepare our financial statements from April 1, 2018 onwards under the Indian Accounting Standards ("Ind AS"). As Ind AS is different in many respects from Indian GAAP, our financial statements from April 1, 2018 may not be comparable to our historical financial statements and our financial statements for the year ending March 31, 2017 prepared under Indian GAAP may not be comparable to our financial statements for the year ending March 31, 2017 prepared under Ind AS for comparison purposes. In addition, our transition to Ind AS reporting could have an adverse effect on our business and results of operations.

We currently prepare our financial statements under Indian GAAP. The Companies (Indian Accounting Standards) Rules, 2015 ("IAS Rules"), as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, enacted changes to Indian GAAP that are intended to align Indian GAAP further with IFRS. The IAS Rules provide that the financial statements of the companies to which they apply shall be prepared and audited in accordance with Ind AS. Ind AS is different in many respects from Indian GAAP. All NBFCs and HFCs having a net worth of more than ₹ 5,000.0 million are required to mandatorily adopt Ind AS for the accounting period beginning from April 1, 2018, with comparatives for the period ending on March 31, 2017. Although any company may voluntarily implement Ind AS for the accounting period beginning from April 1, 2015, we intend to implement Ind AS for the accounting period beginning from April 1, 2018. As there is not yet a significant body of established practice, such as interpretations of Ind AS, on which to draw in forming judgments regarding the Ind AS implementation and application, we have not determined with any degree of certainty the impact the adoption of Ind AS will have on our financial statements. However, we know that the Ind AS will change our methodology for estimating allowances for doubtful debt losses. Ind AS will require us to value our NPAs by reference to their market value (if a ready market for such loans exists) or to calculate the present value of the expected future cash flows realisable from our loans, including the possible liquidation of collateral (discounted at the loan's effective interest rate) in estimating allowances for doubtful debt losses. This may result in us recognising higher allowances for doubtful debt losses in the future, which will adversely affect our results of our operations. Accordingly, our financial statements for the period commencing from April 1, 2018 may not be comparable to our historical financial statements and our financial statements for the year ending March 31, 2017 prepared under Indian GAAP may not be comparable to our financial statements for the year ending March 31, 2017 prepared under Ind AS for comparison purposes.

In our transition to Ind AS reporting, we may encounter difficulties in the on-going process of implementing and enhancing our management information systems. Our management may also have to divert significant time and additional resources in order to implement Ind AS on a timely and successful basis. Moreover, there is increasing competition for the small number of Ind AS experienced accounting personnel available as more Indian companies

begin to prepare Ind AS financial statements. Therefore, our transition to Ind AS reporting could have an adverse effect on our business and results of operations.

India's textiles sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India's exports with approximately 11 per cent of total exports. The textile industry is also labor intensive and is one of the largest employers. The textile industry has two broad segments. First, the unorganized sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale.

The textile industry employs about 40 million workers and 60 million indirectly. India's overall textile exports during FY 2015-16 stood at US\$ 40 billion.

The Indian textiles industry is extremely varied, with the hand-spun and hand-woven textiles sectors at one end of the spectrum, while the capital intensive sophisticated mills sector at the other end of the spectrum. The decentralized power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of the textile industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles make the Indian textiles sector unique in comparison to the industries of other countries. The Indian textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world.

OUR STRATEGIES

1. *Improving operational efficiencies*

Increasing our penetration in existing regions with new range of products, will enable us to penetrate into new catchment areas within these regions and optimize our infrastructure. As a result of these measures, our company will be able to increase its market share and profitability.

2. *Asset light Model*

Our Company intends to maintain an asset light model, i.e. instead of setting up its own manufacturing infrastructure and assets, our company intends to continue to avail the services of the job worker for the manufacturing/processing of lace and other embroidered products. Our company believes that setting up its own manufacturing unit will not only involve intensive capital investment but also regular maintenance expenses which will require working capital. The asset light model adopted by our company will enable us to utilize the working capital towards the operating activities, i.e. to fund our credit sales which in turn will lead to an increased turnover and profitability.

3. Leveraging our Market skills and Relationships

DETAILS OF THE FUND REQUIREMENTS

1) Working capital requirement

Our Company is engaged in the business of trading of textile products primarily fabrics as well as supply of customized lace and embroidered work items which we manufacture/process through established job work arrangements. Our sale model is divided into two parts, i.e. sale of traded goods and sale of manufactured/processed goods. Textile is a working capital intensive industry. The increasing operations of our company will in turn lead to the increase in the requirement of working capital.

The lead time for procuring the products is high and also in order to ensure readily available customized product along with a low lead time for our clients, we enjoy a lower credit period. Further, we are required to provide sufficient credit period to our clients resulting in high receivables and we enjoy minimum credit from our suppliers through against the same. We intend to increase our turnover over the years for which we would be required to provide extended credit period to our customers, but the credit period that we avail from our suppliers shall not increase substantially. This would require us to have adequate working capital to ensure a smooth and uninterrupted flow of our business operations.

Accordingly, we expect a further increase in the working capital requirements in view of current and potential business operations that we may undertake. Accordingly, we have proposed to use ₹ 393.45 lakhs out of the issue proceeds to meet the increase in long term working capital requirements.

OVERVIEW OF THE GLOBAL AND INDIAN ECONOMY

Global Scenario

The US economy bounced back strongly in Q3:2016, underpinned by robust consumer spending and continuing improvement in the labour market. GDP growth decelerated sharply in Q4:2016 due to a large slippage in net exports, even though retail sales, consumer confidence and the purchasing manufacturers' index (PMI) suggested sustained momentum. Domestic demand grew (q-o-q) at the fastest pace in almost two years. Consumer confidence reached a 16-year high in March, though retail sales had slowed down in February. The Institute for Supply Management's (ISM) index suggested manufacturing expanded at its fastest pace in three years in February.

In the Euro area, GDP growth accelerated in H2:2016. Relatively low oil prices and sustained employment gains have provided support to household incomes. Improving consumer confidence and the PMI, which rose to a six-year high in March, indicate that activity continued to expand in Q1:2017. Nonetheless, the region remains vulnerable to a number of headwinds such as the formal beginning of the Brexit process, upcoming elections in several constituent countries and tightening of financial conditions.

The Japanese economy continued to recover at a modest pace even as the momentum weakened in H2:2016. Increases in private consumption and fixed investment were moderate, although there was some uptick in exports and industrial production towards end-2016. The manufacturing PMI improved during January and February but moderated again in March 2017.

In the UK, economic growth gained momentum in H2: 2016, notwithstanding the uncertainties surrounding the negotiations relating to Brexit, as exports rose substantially following the weakening of the pound. However, manufacturing growth weakened for two consecutive months in February, indicating the possibility of a slowdown in 2017

Global activity is firming broadly as expected. Manufacturing and trade are picking up, confidence is improving, and international financing conditions remain benign. Global growth is projected to strengthen to 2.7 percent in 2017 and 2.9 percent in 2018-19, in line with January forecasts. In emerging market and developing economies (EMDEs), growth is predicted to recover to 4.1 percent in 2017 and reach an average of 4.6 percent in 2018-19, as obstacles to growth in commodity exporters diminish, while activity in commodity importers continues to be robust. Risks to the global outlook remain tilted to the downside. These include increased trade protectionism, elevated economic policy uncertainty, the possibility of financial market disruptions, and, over the longer term, weaker potential growth. A policy priority for EMDEs is to rebuild monetary and fiscal space that could be drawn on were such risks to materialize. Over the longer term, structural policies that support investment and trade are critical to boost productivity and potential growth.

Indian Scenario

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF). The Government of India has forecasted that the Indian economy will grow by 7.1 per cent in FY 2016-17. As per the Economic Survey 2016-17, the Indian economy should grow between 6.75 and 7.5 per cent in FY 2017-18. The improvement in India's economic fundamentals has accelerated in the year 2015 with the combined impact of strong government reforms, Reserve Bank of India's (RBI) inflation focus supported by benign global commodity prices.

India's consumer confidence index stood at 136 in the fourth quarter of 2016, topping the global list of countries on the same parameter, as a result of strong consumer sentiment, according to market research agency, Nielsen.

(Source: <https://www.ibef.org/economy/indian-economy-overview>)

India's gross domestic product (GDP) grew by 7 per cent year-on-year in October-December 2016 quarter, which is the strongest among G-20 countries, as per Organisation for Economic Co-operation and Development (OECD) Economic Survey of India, 2017. According to IMF World Economic Outlook Update (January 2017), Indian economy is expected to grow at 7.2 per cent during FY 2016-17 and further accelerate to 7.7 per cent during FY 2017-18.

The Union Budget, 2017-18 deferred the target for the gross fiscal deficit (GFD) to GDP ratio of 3.0 per cent to 2018-19 from 2017-18. Nevertheless, the government remained committed to the spirit of fiscal consolidation as the Centre's GFD is budgeted to decline by 0.3 percentage point to 3.2 per cent in 2017-18 through an increase in non-debt receipts, particularly tax revenues and disinvestment proceeds. This makes room for enhanced budgetary allocation for the farm and rural sectors, social and physical infrastructure, and employment generation. Future fiscal consolidation is contingent upon efficient revenue mobilisation - broadening the tax base; and incentivising digital payments.

(Source: Annual Report 2016-17, Ministry of Textiles, Govt. of India)

India's textiles sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India's exports with approximately 11 per cent of total exports. The textile industry is also labor intensive and is one of the largest employers. The textile industry has two broad segments. First, the unorganized sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale.

The textile industry employs about 40 million workers and 60 million indirectly. India's overall textile exports during FY 2015-16 stood at US\$ 40 billion.

The Indian textiles industry is extremely varied, with the hand-spun and hand-woven textiles sectors at one end of the spectrum, while the capital intensive sophisticated mills sector at the other end of the spectrum. The decentralized power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of the textile industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles make the Indian textiles sector unique in comparison to the industries of other countries. The Indian textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world.

	<p>Knitted Fabrics:</p> <p>Knitted fabric is a textile that results from knitting. Its properties are distinct from woven fabric in that it is more flexible and can be more readily constructed into smaller pieces, making it ideal for socks and hats. Its properties are distinct from nonwoven fabric in that it is more durable but takes more resources to create, making it suitable for multiple uses.</p>
	<p>Lace:</p> <p>Lace Fabric is fine, delicate and woven from a variety of fibers. Lace refers to an open fabric that is created by looping, twisting or knitting threads in a specific pattern. Generally used in the decoration and trimming of garments, lace fabrics are also available by the yard with two finished edges. Traditionally made by hand, lace fabrics can now be machine produced. There are also many different types of laces available including, guipure, needle, bobbin, raschel, cutwork, crocheted, knitting, and tatting</p>
	<p>Cotton Fabrics:</p> <p>The fabric which is believed to be most soothing and safe is called as cotton fabric. 	<p>Cotton Twill:</p> <p>There are many benefits to a twill style fabric. For example due to the pattern of the thread, twill cloth shows much less dirt and staining than a regular, sheer fabric cloth would with the same amount of use and wear. Twill is also better able to resist, as well as recover easily from, wrinkles and creases. Plus the pattern of twill naturally gives it an appealing, interesting look. As already stated another huge benefit of twill is that it increases the sturdiness of the fabric.</p>
	<p>Grey Cloth:</p> <p>Due to its cost effectiveness, exquisiteness and longevity, grey fabric has been widely used for cloth manufacturing. Uniquely woven grey fabric has become increasingly popular in appreciation of increased market demand. Clothes made out of grey fabric can simply be termed as stunning in each and every aspect.</p>

Competition Act, 2002

The Competition Act, 2002 (“**Competition Act**”) aims to prevent anti-competitive practices that cause or are likely to cause an appreciable adverse effect on competition in the relevant market in India. The Competition Act regulates anti-competitive agreements, abuse of dominant position and combinations. The Competition Commission of India (“**Competition Commission**”) which became operational from May 20, 2009 has been established under the Competition Act to deal with inquiries relating to anti-competitive agreements and abuse of dominant position and

regulate combinations.

The Competition Act also provides that the Competition Commission has the jurisdiction to inquire into and pass orders in relation to an anti-competitive agreement, abuse of dominant position or a combination, which even though entered into, arising or taking place outside India or signed between one or more non-Indian parties, but causes an appreciable adverse effect in the relevant market in India.

The Companies Act prescribes regulatory mechanism regarding all relevant aspects, including organizational, financial and managerial aspects of companies. It deals with issue, allotment and transfer of securities and various aspects relating to company management. It provides for standard of disclosure in public issues of capital, particularly in the fields of company management and projects, information about other listed companies under the same management, and management perception of risk factors.

The Trademarks Act, 1999

Under the Trademarks Act, 1999 (“**Trademarks Act**”), a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A ‘mark’ may consist of a device, brand, heading, label, ticket, name signature, word, letter, numeral, shape of goods, packaging or combination of colors or any combination thereof. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trade mark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The trademark, once applied for and which is accepted by the Registrar of Trademarks (“**the Registrar**”), is to be advertised in the trademarks journal by the Registrar. Oppositions, if any, are invited and, after satisfactory adjudications of the same, a certificate of registration is issued by the Registrar. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal fee.

D. REGULATIONS REGARDING FOREIGN INVESTMENT

Foreign Exchange Management Act, 1999 (“FEMA”)

Foreign investment in companies in the textile trading industry is governed by the provisions of the Foreign Exchange Management Act, 1999 (“**FEMA**”) read with the applicable regulations. The Department of Industrial Policy and Promotion (“**DIPP**”), Ministry of Commerce and Industry has issued ‘Consolidated FDI Policy Circular 1 of 2016’ (“**FDI Policy**”) which consolidates the policy framework on Foreign Direct Investment (“**FDI**”), with effect from June 7, 2016. The FDI Policy consolidates and subsumes all the press notes, press releases, and clarifications on FDI issued by DIPP till June 6, 2016. All the press notes, press releases, clarifications on FDI issued by DIPP till June 6, 2016 stand rescinded as on June 7, 2016. Vide an Office Memorandum dated June 5, 2017 (“**Office Memorandum**”), issued by Ministry of Finance, Department of Economic Affairs the Government of India has abolished Foreign Investment Promotion Board (“**FIPB**”).

In terms of the FDI Policy, Foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which foreign investment is sought to be made. Subsequent to the abolition of FIPB, the work of granting government approval for foreign investment under the FDI Policy and FEMA Regulations has now been entrusted to the concerned Administrative Ministries/Departments. FDI for the items or activities that cannot be brought in under the automatic route may be brought in through the approval route. Where FDI is allowed on an automatic basis without the approval of the Government, the RBI would continue to be the primary agency for the purposes of monitoring and regulating foreign investment. In cases where Government approval is obtained, no approval of the RBI is required except with respect to fixing the issuance price, although a declaration in the prescribed form, detailing the foreign investment, must be filed with the RBI once the foreign investment is made in the Indian company. The RBI, in exercise of its power under the FEMA, has also notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 to prohibit, restrict or regulate, transfer by or issue of security to a person resident outside India.

Textile Trading

The FDI Policy effective from June 7, 2016 issued by the DIPP permits foreign investment upto 100% in the Cash and Carry Wholesale Trading/ Wholesale Trading (“WT”) sector under the automatic route.

Cash & Carry Wholesale trading/Wholesale trading, would mean sale of goods/merchandise to retailers, industrial, commercial, institutional or other professional business users or to other wholesalers and related subordinated service providers. Wholesale trading would, accordingly, imply sales for the purpose of trade, business and profession, as opposed to sales for the purpose of personal consumption. The yardstick to determine whether the sale is wholesale or not would be the type of customers to whom the sale is made and not the size and volume of sales. Wholesale trading would include resale, processing and thereafter sale, bulk imports with ex-port/ex bonded warehouse business sales and B2B e-Commerce.

Further, Cash & Carry Wholesale Trading/Wholesale Trading is subject to the following conditions:

- (a) For undertaking WT, requisite licenses/registration/ permits, as specified under the relevant Acts/Regulations/Rules/Orders of the State Government/Government Body/Government Authority/Local Self-Government Body under that State Government should be obtained.
- (b) Except in case of sales to Government, sales made by the wholesaler would be considered as ‘cash & carry wholesale trading/wholesale trading’ with valid business customers, only when WT are made to the following entities:
 - i. Entities holding sales tax/ VAT registration/service tax/excise duty registration; or
 - ii. Entities holding trade licenses i.e. a license/registration certificate/membership certificate/registration under Shops and Establishment Act, issued by a Government Authority/Government Body/Local Self-Government Authority, reflecting that the entity/person holding the license/ registration certificate/ membership certificate, as the case may be, is itself/ himself/herself engaged in a business involving commercial activity; or
 - iii. Entities holding permits/license etc. for undertaking retail trade (like tehbazari and similar license for hawkers) from Government Authorities/Local Self Government Bodies; or
 - iv. Institutions having certificate of incorporation or registration as a society or registration as public trust for their self-consumption.

An entity, to whom WT is made, may fulfill any one of the 4 (four) conditions stated above.

- (c) Full records indicating all the details of such sales like name of entity, kind of entity, registration/license/permit etc. number, amount of sale etc. should be maintained on a day to day basis.
- (d) WT of goods would be permitted among companies of the same group. However, such WT to group companies taken together should not exceed 25% of the total turnover of the wholesale venture.
- (e) WT can be undertaken as per normal business practice, including extending credit facilities subject to applicable regulations.
- (f) A wholesale/cash & carry trader can undertake single brand retail trading, subject to the conditions prescribed in that regard under the FDI Policy. An entity undertaking wholesale/cash and carry as well as retail business will be mandated to maintain separate books of accounts for these two arms of the business and duly audited by the statutory auditors. Conditions of the FDI policy for wholesale/cash and carry business and for retail business have to be separately complied with by the respective business arms.

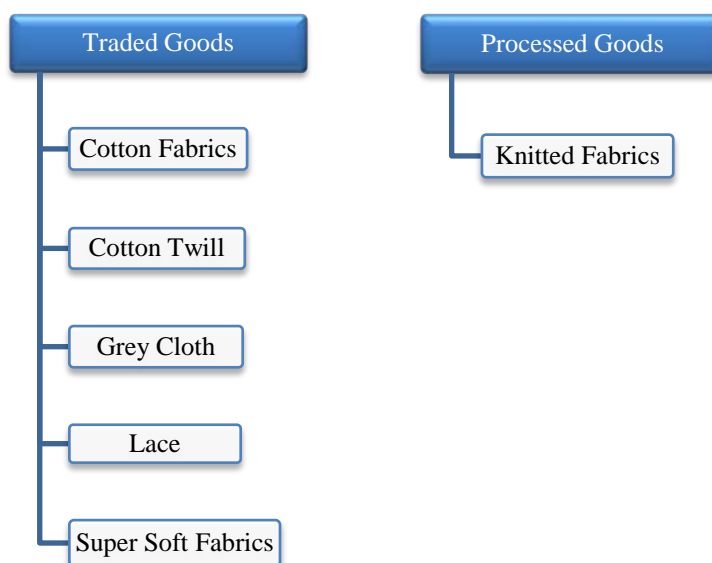

Accordingly, as per the FDI Policy, foreign investment upto 100% through the automatic route would be permitted in the Company.

The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2. Use of Estimates:

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

3. Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

4. Current / Non-current classification:

The Schedule III to the Act requires assets and liabilities to be classified as either Current or Non-current. An asset is classified as current when it satisfies any of the following criteria:

- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realised within twelve months after the reporting date; or
- (iv) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within twelve months after the reporting date; or
- (iv) The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the opinion of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

5. Revenue Recognition:

- (i) The company follows mercantile system of accounting and recognises significant items of income and expenditure. Revenue is recognised only when it is reasonably certain that ultimate collection will be made.
- (ii) Interest income is booked on time proportion basis.

6. Fixed assets and depreciation :

- (i) Tangible assets are stated at cost, less accumulated depreciation and impairment, if any. Direct costs are capitalized until such assets are ready for use. Capital work-in-progress comprises the cost of fixed assets that are not yet ready for their intended use at the reporting date.

- (ii) Depreciation:

(ii) Work in process is Valued at Cost. Cost is arrived at by absorption cost method.
(iii) Finished goods are valued at Cost or Market Value whichever is lower. Cost is arrived at by absorption cost method.

8. Employee Benefits:

The management is of opinion that since number of employees of the company is less than as provided under the act and accordingly making provision of the gratuity does not arise. However, if payment on account of gratuity arises due to happening of any incidents as provided under the applicable provisions of the law, the same will be accounted for on cash basis.

9. Segment Reporting:

Provisions of Accounting Standard (AS) – 17 issued by the ICAI on ‘Segment Reporting’ are not been applicable to the Company.

11. Earnings per share (EPS):

The Basic EPS is computed by dividing the net / profit (loss) attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period. Diluted EPS is computed by dividing the net profit / (loss) as adjusted for dividend, interest and other charges to expense or income (net off any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

12. Taxes on income:

- (i) Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.
- (ii) Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets.

13. Provisions and contingent liabilities:

- (i) The Company creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.
- (ii) A disclosure for a contingent liability is made where there is a possible obligation that may, but probably will not require an outflow of resources.
- (iii) When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

14. Impairment of Assets:

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of net selling price of an assets or its value in use. Value in use is present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

15. Intangible Assets:

Intangible Assets are stated at their cost of acquisition, less accumulated amortization and impairment losses thereon. An Intangible Asset is recognised, where it is probable that the future economic benefits attributable to the Asset will flow to the enterprise and where its cost can be reliably measured.

16. There are no Auditor's Qualifications in any of the audited Financial Statements as at and for the years ended as at March 31, 2017, 2016, 2015, 2014 and 2013.

5.6 BASIS OF ALLOCATION

- a) The SEBI ICDR Regulations, 2009 specify the allocation or Allotment that may be made to various categories of Applicants in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the Prospectus. For details in relation to allocation, the Applicant may refer to the Prospectus.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLMs and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations, 2009. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Applicants may refer to the Prospectus.
- d) Illustration of the Book Building and Price Discovery Process Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors.

Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table

below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer and the Selling Shareholders, in consultation with the BRLMs, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

e) **Alternate Method of Book Building**

In case of FPOs, Issuers may opt for an alternate method of Book Building in which only the Floor Price is specified for the purposes of Bidding (“**Alternate Book Building Process**”).

The Issuer may specify the Floor Price in the Prospectus or advertise the Floor Price at least one Working Day prior to the Bid/ Issue Opening Date. QIBs may Bid at a price higher than the Floor Price and the Allotment to the QIBs is made on a price priority basis. The Bidder with the highest Bid Amount is allotted the number of Equity Shares Bid for and then the second highest Bidder is Allotted Equity Shares and this process continues until all the Equity Shares have been allotted. RIIs, NIIs and Employees are Allotted Equity Shares at the Floor Price and Allotment to these categories of Bidders is made proportionately. If the number of Equity Shares Bid for at a price is more than available quantity then the Allotment may be done on a proportionate basis. Further, the Issuer may place a cap either in terms of number of specified securities or percentage of issued capital of the Issuer that may be Allotted to a single Bidder, decide whether a Bidder be allowed to revise the bid upwards or downwards in terms of price and/or quantity and also decide whether a Bidder be allowed single or multiple bids.

SECTION 6: ISSUE PROCEDURE IN FIXED PRICE ISSUE

Applicants may note that there is no Bid cum Application Form in a Fixed Price Issue. As the Issue Price is mentioned in the Fixed Price Issue therefore on filing of the Prospectus with the RoC, the Application so submitted is considered as the Application Form.

Applicants may only use the specified Application Form for the purpose of making an Application in terms of the Prospectus which may be submitted through the Designated Intermediary.

Applicants may submit an Application Form either in physical form to the any of the Designated Intermediaries or in the electronic form to the SCSB or the Designated Branches of the SCSBs authorising blocking of funds that are available in the bank account specified in the Application Form only (“ASBA Account”). The Application Form is also made available on the websites of the Stock Exchanges at least one day prior to the Bid/ Issue Opening Date.

In a fixed price Issue, allocation in the net Issue to the public category is made as follows: minimum fifty per cent to Retail Individual Investors; and remaining to (i) individual investors other than Retail Individual Investors; and (ii) other Applicants including corporate bodies or institutions, irrespective of the number of specified securities applied for. The unsubscribed portion in either of the categories specified above may be allocated to the Applicants in the other category.

For details of instructions in relation to the Application Form, Applicants may refer to the relevant section of the GID.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Applicants other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Applicants may refer to Prospectus. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is

required to receive a minimum subscription of 90% of the Issue (excluding any Issue for Sale of specified securities). However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

7.1 ALLOTMENT TO RIIs

Bids received from the RIIs at or above the Issue Price may be grouped together to determine the total demand under this category. If the aggregate demand in this category is less than or equal to the Retail Category at or above the Issue Price, full Allotment may be made to the RIIs to the extent of the valid Bids. If the aggregate demand in this category is greater than the allocation to in the Retail Category at or above the Issue Price, then the maximum number of RIIs who can be Allotted the minimum Bid Lot will be computed by dividing the total number of Equity Shares available for Allotment to RIIs by the minimum Bid Lot (“**Maximum RII Allottees**”). The Allotment to the RIIs will then be made in the following manner:

- a) In the event the number of RIIs who have submitted valid Bids in the Issue is equal to or less than Maximum RII Allottees, (i) all such RIIs shall be Allotted the minimum Bid Lot; and (ii) the balance available Equity Shares, if any, remaining in the Retail Category shall be Allotted on a proportionate basis to the RIIs who have received Allotment as per (i) above for the balance demand of the Equity Shares Bid by them (i.e. who have Bid for more than the minimum Bid Lot).
- b) In the event the number of RIIs who have submitted valid Bids in the Issue is more than Maximum RII Allottees, the RIIs (in that category) who will then be Allotted minimum Bid Lot shall be determined on the basis of draw of lots.

7.2 ALLOTMENT TO NIIs

Bids received from NIIs at or above the Issue Price may be grouped together to determine the total demand under this category. The Allotment to all successful NIIs may be made at or above the Issue Price. If the aggregate demand in this category is less than or equal to the Non-Institutional Category at or above the Issue Price, full Allotment may be made to NIIs to the extent of their demand. In case the aggregate demand in this category is greater than the Non-Institutional Category at or above the Issue Price, Allotment may be made on a proportionate basis up to a minimum of the Non-Institutional Category.

7.3 ALLOTMENT TO QIBs

For the Basis of Allotment to Anchor Investors, Applicants may refer to the SEBI ICDR Regulations, 2009 or Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for up to 5% of the QIB Category may be determined as follows: (i) In the event that Bids by Mutual Fund exceeds 5% of the QIB Category, allocation to Mutual Funds may be done on a proportionate basis for up to 5% of the QIB Category; (ii) In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Category then all Mutual Funds may get full Allotment to the extent of valid Bids received above the Issue Price; and (iii) Equity Shares remaining unsubscribed, if any and not allocated to Mutual Funds may be available for Allotment to all QIBs as set out at paragraph 7.4(b) below;
- b) In the second instance, Allotment to all QIBs may be determined as follows: (i) In the event of oversubscription in the QIB Category, all QIBs who have submitted Bids above the Issue Price may be Allotted Equity Shares on a proportionate basis for up to 95% of the QIB Category; (ii) Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis along with other QIBs; and (iii) Under-subscription below 5% of the QIB Category, if any, from Mutual Funds, may be included for allocation to the remaining QIBs on a proportionate basis.

7.4 ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Issue Price will be at the discretion of the issuer in consultation with the Investor Selling Shareholder and the BRLMs, subject to compliance with the following requirements:

- 1) not more than 60% of the QIB Category will be allocated to Anchor Investors;
- 2) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and

Based on the physical book and at the discretion of the issuer in consultation with the BRLMs, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- c) **In the event that the Issue Price is higher than the Anchor Investor Issue Price:** Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Issue Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.
- d) **In the event the Issue Price is lower than the Anchor Investor Issue Price:** Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

7.5 BASIS OF ALLOTMENT FOR QIBs (OTHER THAN ANCHOR INVESTORS), NIIs AND RESERVED CATEGORY IN CASE OF OVER-SUBSCRIBED ISSUE

In the event of the Issue being over-subscribed, the Issuer may finalise the Basis of Allotment in consultation with the Designated Stock Exchange in accordance with the SEBI ICDR Regulations, 2009.

The allocation may be made in marketable lots, on a proportionate basis as explained below:

- a) Bidders may be categorized according to the number of Equity Shares applied for;
- b) The total number of Equity Shares to be Allotted to each category as a whole may be arrived at on a proportionate basis, which is the total number of Equity Shares applied for in that category (number of Bidders in the category multiplied by the number of Equity Shares applied for) multiplied by the inverse of the over-subscription ratio;
- c) The number of Equity Shares to be Allotted to the successful Bidders may be arrived at on a proportionate basis, which is total number of Equity Shares applied for by each Bidder in that category multiplied by the inverse of the over-subscription ratio;
- d) In all Bids where the proportionate Allotment is less than the minimum Bid Lot decided per Bidder, the Allotment may be made as follows: the successful Bidders out of the total Bidders for a category may be determined by a draw of lots in a manner such that the total number of Equity Shares Allotted in that category is equal to the number of Equity Shares calculated in accordance with (b) above; and each successful Bidder may be Allotted a minimum of such Equity Shares equal to the minimum Bid Lot finalised by the Issuer;
- e) If the proportionate Allotment to a Bidder is a number that is more than the minimum Bid lot but is not a multiple of one (which is the marketable lot), the decimal may be rounded off to the higher whole number if that decimal is 0.5 or higher. If that number is lower than 0.5 it may be rounded off to the lower whole number. Allotment to all Bidders in such categories may be arrived at after such rounding off; and

- f) If the Equity Shares allocated on a proportionate basis to any category are more than the Equity Shares Allotted to the Bidders in that category, the remaining Equity Shares available for Allotment may be first adjusted against any other category, where the Allotted Equity Shares are not sufficient for proportionate Allotment to the successful Bidders in that category. The balance Equity Shares, if any, remaining after such adjustment may be added to the category comprising Bidders applying for minimum number of Equity Shares.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are FIPB and the RBI.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), issued consolidated FDI Policy, which with effect from June 07, 2016 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on June 7, 2016. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares Issued in the Issue have not been and will not be registered under the Securities Act, and may not be Issued or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulation S under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

If, by the conditions of allotment of any shares the whole or part of the amount or issue price thereof shall be payable by installments, every such installment shall, when, due, be paid to the Company by the person who for the time being and from time to time shall be of the shares or his legal representative.
 23. Every member, or his executors or administrators or other representative, shall pay to the Company the portion of the capital represented by his share or shares, which may, for the time being, remain unpaid thereon, in such amounts, at such time or times, and in such manner, as the Directors shall, from time to time, in accordance with the Company's regulations, require or fix for the payment thereof.
 24. If any share stands in the names of two or more persons all the joint-holders of the share shall be severally as well as jointly liable for the payment of all deposits, installments, and calls due in respect of such shares, and for all incidents thereof according to the Company's regulations; but the persons first named in the Register shall, as

regards service of notice, and all other matters connected with the Company, except the transfer of the share and any other matter by the said Act or herein otherwise provided, be deemed the sole holder thereof.

25. Save as herein or by laws otherwise expressly provided, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof, and accordingly shall not, except as ordered by a Court of competent jurisdiction, or as by statute required, be bound to recognize any benami trusts whatsoever or equitable, contingent, future, partial or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof; the Directors shall, however be at liberty, at their sole discretion, to register any share in the joint names of any two or more persons, and the survivor or survivors of them.

V. CERTIFICATES

26. Subject to any statutory or other requirement having the force of law governing the issue and signatures to and sealing of certificate to shares and applicable to this Company for the time being in force the certificate of title to shares and the duplicate thereof when necessary shall be issued under the seal of the Company which shall be affixed in the presence of and signed by (1) two Directors or persons acting on behalf of the Directors under a duly registered power of attorney and (2) the Secretary or some other person appointed by the Board for the purpose; a Director may sign a share certificate by affixing signature thereon by means of any machine, equipment or other mechanical means such as engraving in metal or lithography but not by means of a rubber stamp, provided that the Director shall be responsible for the safe custody of such machine, equipment or other materials used for the purpose.
27. (1) (i) Every member shall be entitled without payment to the certificate for all the Shares of each class or denomination registered in his name, or if the Board, so approve (upon paying such fees as the Board may from time to time determine) to several certificates, each for one or of such Shares and the Company shall complete such certificate within two months after the allotment or such period as may be determined at the time of the issue of such capital whichever is longer or within one month after registration of the transfer thereof as provided by Section 56 of the Act. Every certificate of shares shall have its distinctive number and be issued under the Seal of the Company and shall specify the number and denoting number of the shares in respect of which it is issued and the amount paid thereon and shall be in such form as the Board shall prescribe or approve provided that in respect of share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and the delivery of a certificate for a share or shares to one of several joint-holders shall be deemed to be sufficient delivery to all.
- (ii) A certificate of shares registered in the names of two or more persons, unless otherwise directed by them in writing, may be delivered to any one of them on behalf of them all.
- (2) (i) Notwithstanding anything contained herein, the Company shall be entitled to dematerialise its shares, debentures and other securities pursuant to the Depositories Act, 1996 and to offer its shares, debentures and other securities for subscription in a dematerialised form.
- (ii) Notwithstanding anything contained herein, the Company shall be entitled to treat the person whose names appear in the register of members as a holder of any share or whose names appear as beneficial owners of shares in the records of the Depository, as the absolute owner thereof and accordingly shall not (except as ordered by a Court of competent jurisdiction or as required by law) be bound to recognise any benami trust or equity or equitable contingent or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof.
- (iii) Notwithstanding anything contained herein, in the case of transfer of shares or other marketable securities where the Company has not issued any Certificates and where such shares or other marketable securities are being held in an electronic and fungible form, the provisions of the Depositories Act, 1996 shall apply. Further, the provisions relating to progressive numbering shall not apply to the shares of the Company which have been dematerialised.
- (iv) The company may issue new share certificates pursuant to consolidation or sub division of share certificate(s) upon written request received from shareholder together with production and surrender of respective original share certificate (s).

28. If any certificate be worn out, defaced, destroyed or lost or if there be no further space on the back thereof for endorsement of transfer, then upon production thereof to the Board, they, may order the same to be cancelled, and may issue a new certificate in lieu thereof and if any certificate be lost or destroyed then upon proof thereof to the satisfaction of the Board and on such indemnity as the Board deem adequate being given, a new certificate in lieu thereof shall be given to the party entitled to such lost or destroyed certificate. A sum not exceeding ₹ 50 shall be paid to the Company for every certificate issued under this clause, as the Board may fix from time to time, provided that no fee shall be charged for issue of new certificate in replacement of those which are old, worn, decrepit out or where the cages on the reverse for recording transfers have been fully utilised.
29. The Board may waive payment of any fee generally or in any particular case.
30. Every endorsement upon the certificate of any share in favour of any transferee thereof shall be signed by such person for the time being authorised by the Board in that behalf.
31. The Board shall comply with requirements prescribed by any Rules made pursuant to the said Act; relating to the issue and execution of share certificates.

VI. CALLS ON SHARES

32. Subject to the provisions of Section 49 of the said Act, the Board may, from time to time, by means of resolution passed at its meetings make such calls as they may think fit upon the members in respect of moneys unpaid on the share held by them respectively and not by the conditions of allotment thereof made payable at fixed times, and each member shall pay the amount of every call so made on him to the persons and at the times and place appointed by the Board. A call may be made payable by installments.
33. A call shall be deemed to have been made at the time when the resolution of the Board authorising such call was passed and may be made payable by members on a subsequent date to be specified by Directors.
34. Fourteen day's notice at least of every call made payable otherwise than on allotment shall be given by the Company in the manner hereinafter provided for the giving of notices specifying the time and place of payment, and the person to whom such call shall be paid. Provided that before the time for payment of such call the Board may by notice given in the manner hereinafter provided revoke the same. The Board may, from time to time at their discretion, extend the time fixed for the payment of any call, and may extend such time as to all or any of the members who, the Board may deem fairly entitled to such extension; but no member shall be entitled to any such extension, except as a matter of grace and favour.
35. If by the terms of issue of any share or otherwise any amount is payable at any fixed time or by installments at fixed times, whether on account of the share or by way of premium, every such amount or installments shall be payable as if it were a call duly made by the Board and of which due notice had been given, and all the provisions herein contained in respect of calls shall relate to such amount or installments accordingly.
36. If the sum payable in respect of any call or such other amount or installments be not paid on or before the day appointed for payment thereof or any extension thereof as aforesaid, the holder for the time being of the share, in respect of which the call shall have been made, or such amount or installment shall be due, shall pay interest for the same, from the day appointed for the payment thereof to the time of actual payment at such rate not exceeding ten per cent per annum, as shall from time to time be fixed by the Board. Nothing in this Article shall however, be deemed to make it compulsory on the Board to demand or recover any such interest, and the payment of such interest, wholly or in part, may be waived by the Board if they think fit so to do.
37. Any money due from the Company to a member may, without the consent and notwithstanding the objection of such member, be applied by the Company in or towards the payment of any money due from him to the Company for calls or otherwise.
38. Neither a judgment nor a decree in favour of the Company for calls of other moneys due in respect of any shares nor any part-payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any member to the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of payment of any such money, shall preclude the forfeiture of such shares as hereinafter provided.
39. On the trial or hearing of any action or suit brought by the Company against any member or his legal representatives to recover any moneys claimed to be due to the Company for any call or other sum in respect of

his shares, it shall be sufficient to prove that the name of the member in respect of whose shares the money is sought to be recovered, appears entered on the Register of Members as the holder, or one of the holders, at or subsequent to the date at which the money sought to be recovered is alleged to have become due, on the shares in respect of which such money is sought to be recovered, and that the amount claimed is not entered as paid in the books of the Company or the Register of Members and that the resolution making the call is duly recorded in the minute book, and that notice of such call was duly given to the member or his legal representatives sued in pursuance of these presents; and it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the meeting of the Board at which such call was made, nor that the meeting at which such call was made duly convened or constituted, nor any other matter whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debts, and the same shall be recovered by the Company against the member or his representatives from whom the same is sought to be recovered unless it shall be proved, on behalf of such member or his representatives against the Company that the name of such member was improperly inserted in the register, or that the money sought to be recovered has actually been paid.

40. (1) The Board may, if they think fit, subject to the provisions of Section 50 of the Act receive from any member willing to advance the same, either in money or money's worth the whole or any part of the amount remaining unpaid on the shares held by him beyond the sum actually called up and upon the moneys so paid or satisfied in advance, or so much thereof, as from time to time and at any time thereafter exceeds the amount of the calls then made upon and due respect of the shares on account of which such advances have been made, the Company may pay or allow interest at such rate as the member paying such advance and the Board agree upon; provided always that if at any time after the payment of any such money the rate of interest so agreed to be paid to any such member appears to the Board to be excessive, it shall be lawful for the Board from time to time to repay to such member so much of money as shall then exceed the amount of the calls made upon such shares, unless there be an express agreement to the contrary; and after such repayment such member shall be liable to pay, and such advance had been made, provided also that if at any time after the payment of any money so paid in advance, the Company shall go into liquidation, either voluntary or otherwise, before the full amount of the money so advanced shall have become due by the member to the Company for installments or calls, or any other manner, the member making such advance shall be entitled (as between himself and the other members) to receive back from the Company the full balance of such moneys rightly due to him by the Company in priority to any payment to members on account of capital.
- (2) The member making such advance shall not, however, be entitled to any voting rights in respect of the moneys so advanced by him until the same would, but for such payment, become presently payable.
- (3) Option or right to call of shares shall not be given to any person except with the sanction of the Company in general meetings.

VII. FORFEITURE OF AND LIEN ON SHARES

41. If any member fails to pay any money due from him in respect of any call made or amount or installment as provided in Article 35 on or before the day appointed for payment of the same, or any such extension thereof as aforesaid or any interest due on such call or amount or installment or any expenses that may have been incurred thereon, the Directors or any person authorised by them for the purpose may, at any time thereafter, during such time as such money remains unpaid, or a judgement or a decree in respect thereof remains unsatisfied in whole or in part, serve a notice in the manner hereinafter provided for the serving of notices on such member or any of his legal representatives or any of the persons entitled to the share by transmission, requiring payment of the money payable in respect of such share, together with such interest and all expenses (legal or otherwise) incurred by the Company by reason of such non-payment.
42. The notice shall name a day (not earlier than the expiration of fourteen days from the date of the notice) and a place or places on or before and at which the money due as aforesaid is to be paid. The notice may also state that in the event of the non-payment of such money at or before the time and the place appointed, the shares in respect of which the same owed will be liable to be forfeited.
43. If the requirements of any such notice as aforesaid are not complied with, every or any share in respect of which the notice is given may, at any time thereafter before payment of all calls or amounts or installments, interest and expenses due in respect thereof, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends and bonuses declared in respect of the forfeited shares and not actually paid before the forfeiture.

44. When any share shall have been so forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture or to any of his legal representatives, or to any of the persons entitled to the share by transmission and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members. The provisions of this Article are, however, directory only and no forfeiture shall in any manner be invalidated by any omission or neglect to give such notice or to make such entry as aforesaid.
45. Any share so forfeited shall be deemed to be the property of the Company and the Board may sell, re-allot or otherwise dispose of the same, either to the original holder thereof or to any other persons, and either by public auction or by private sale and upon such terms and in such manner as the Directors shall think fit.
46. In the meantime, and until any share so forfeited shall be sold, re-allotted or otherwise dealt with as aforesaid, the forfeiture thereof may at the discretion and by a resolution of the Board, be remitted or annulled as a matter of grace and favour but not as of right, upon such terms and conditions as they think fit.
47. Any member whose shares have been forfeited shall, notwithstanding the forfeiture, remain liable to pay and shall forthwith pay to the Company all calls, amounts, installments, interest expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon, from the time of the forfeiture until payment, at the rates, not exceeding ten percent per annum as the Board may determine, in the same manner in all respects as if the shares had not been forfeited, without any deduction or allowance for the value of the shares at the time to the forfeiture and the Board may enforce the payment thereof if they think fit (but without being under any obligation so to do) without entitling such member or his representative to any remission of such forfeiture or to any compensation for the same, unless the Directors shall think fit to make such compensation, which they shall have full power to do, in such manner and on such terms on behalf of the Company as they shall think fit.
48. The forfeiture of a share shall involve the extinction of all interest in and of all claims and demands against the Company of the member in respect of the share and all other right of the member incident to the share except only such of those rights as by these Article are expressly saved.
49. The Directors may, subject to the provision of the Act, accept a surrender of any share from or by any member desirous of surrendering those on such terms as they think fit.
50. A certificate in writing, under signature of one Director and countersigned by any other person who may be authorised for the purpose by the Board, that the call, amount or installment in respect of a share was made or was due or the interest in respect of a call, amount or installment was or the expenses were payable, as the case may be, the notice thereof as aforesaid was given and default in payment was made and that the forfeiture of the share was made by a resolution of the Board to the effect, shall be conclusive evidence of the facts stated therein as against all persons entitled to or interested in such share.
51. The Company may receive the consideration, if any, given for the share on any sale, re-allotment or other disposition thereof and the person to whom such share is sold, re-allotted or disposed of may be registered as the holder of the share and shall not be bound to see to the application of the consideration, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the share.
52. The Company shall have a first and paramount lien upon all the shares not being fully paid-up shares, registered in the name of each member (whether solely or jointly with another or others) and upon the proceeds of sale thereof, for all moneys from time to time due or payable by him to the Company for calls made and all amounts or installments as provided by Article 35 payable in respect of such shares and no equitable interest in any shares shall be created except upon the footing and condition that Article 25 hereof is to have full effect. Any such lien shall extend to all dividends from time to time declared in respect of such shares. Unless otherwise agreed, the registration of a transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares. The Board may at any time declare any shares to be exempt, wholly or partially from the provisions of this Article.
53. For the purpose of enforcing such lien, the Directors may sell, the shares subject thereto in such manner as they think fit and transfer the same to the name of the purchaser, without any consent and notwithstanding any opposition on the part of the indebted member or any other person or persons interested therein and a complete title to the shares which shall be sold and transferred shall be acquired by the purchaser, by virtue of such sale and transfer, against such indebted member and all persons claiming with or under him whether he may be

indebted to the Company in point of fact or not. But no such sale shall be made until notice in writing stating the amount due or specifying the liability of engagement and demanding payment or fulfillment or discharge thereof and of the intention to sell in default shall have been served upon such member or his heirs, executors, administrators, representatives or persons and default shall have been made by him or them in payment, fulfillment or discharge of such debts, liabilities or engagements for seven days after such notice.

54. The net proceeds of any such sale after payment of the costs of such sale, shall be applied in or towards the satisfaction of such debts liabilities or engagements and the residue (if any) paid to such or any of his executors, administrators, representatives or assigns or any of the persons (if any) entitled by transmission to the shares sold.
55. Upon any sale after forfeiture or upon any sale for enforcing a lien, in purported exercise of the powers hereinbefore given, the Directors may appoint some person or persons to execute an instrument of transfer of the shares sold.
56. Upon any such sale after forfeiture or for enforcing a lien in purported exercise of powers the Board shall cause the purchaser's name to be entered in the Register in respect of the shares sold and shall issue to the purchaser a certificate such as is specified in Article 50 hereof in respect of the shares sold and the purchaser shall not be bound to see to the regularity of the proceedings or to the application of the purchase money and after his name has been entered in the Register in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.

VIII. TRANSFER AND TRANSMISSION OF SHARES

57. The Company shall keep a book called the 'Register of Transfers' and therein shall be fairly and distinctly entered the particulars of every transfer or transmission of any share in the Company.
58. No transfer shall be registered unless a proper instrument of transfer has been delivered to the Company. Every instrument of transfer (which shall be in the form specified in the Rules) shall be duly stamped, dated and shall be executed by or on behalf of the transferor and the transferee and in the case of a share held by two or more holders or to be transferred to the joint names of two or more transferees by all such joint-holders or by all such joint transferees, as the case may be, several executors or administrators of a deceased member proposing to transfer the shares registered in the name of such deceased member shall all sign the instrument of transfer in respect of the share as if they were the joint-holders of the share. The instrument of transfer shall specify the name, address and occupation, if any, of the transferee.
59. In the case of the death of any one or more of the persons named in the Register as the joint-holders of any share, the survivor or survivors shall be the only persons recognised by the Company as having any title to or interest in such share, but nothing herein contained shall be taken to release the estate of the deceased joint-holder from any liability on the shares held by him jointly with any other person.
60.
 - (1) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
 - (2) Where there is no, nominee, the executors or administrators of a deceased member not being one of several joint-holders shall be the only persons recognised by the Company as having any title to the shares registered in the name of such deceased member, and the Company shall not be bound to recognise such executors or administrators, unless they shall have first obtained probate or letters of administration or other legal representation, as the case may be, provided nevertheless, the Directors, in any case where they in their absolute discretion think fit, may dispense with the production of Probate or Letters of Administration or such other legal representation, upon such terms as to indemnity or otherwise as they may deem fit and under the next Article, register the name of any person who claims to be absolutely entitled to the shares standing in the name of the deceased member as a member in respect of such shares.
61. Subject to the provisions of the last preceding Article, any person to whom the right to any share has been transmitted in consequence of the death or insolvency of any member or otherwise by operation of law may, with the consent of the Board (which they shall not be under any obligation to give) and upon his producing such evidence that he sustains the character in respect of which he proposes to act under the Article and of his title as

the Directors think sufficient be registered as a member in respect of such shares . This clause is hereinafter referred to as the `transmission clause`. A transfer of the share or other interest in the Company of a deceased member thereof made by his legal representative shall, although the legal representative is not himself a member be as valid as if he had been a member at the time of effecting the transmission.

62. Every transmission of a share shall be verified in such a manner as the Directors may require and the Company may refuse to register any such transmission until the same be so verified or unless an indemnity be given to the Company with regard to such registration which the Directors at their discretion shall consider sufficient; provided nevertheless, that there shall not be any obligation on the Company or the Directors to accept any indemnity, the Directors shall have the same right to refuse to register a person entitled by transmission to any shares or his nominee as if he were the transferee named in an ordinary transfer presented for registration.
63. A person entitled to share by transmission may, until the Directors otherwise determine as provided in Article 129, receive and give discharge for any dividends, bonuses or other moneys payable in respect of the share, but he shall not be entitled to vote at any meetings of the Company and to any of the rights and privileges of a member, unless and until he shall have become a member in respect of the shares.
64. An application for the registration of a transfer of shares or other interest of a member in the Company may be made either by the transferor or the transferee. Where such application is made by the transferor and relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the delivery of the notice.
65.
 - (1) It shall not be lawful for the Company to register a transfer of any shares unless the proper instrument of transfer duly stamped, dated and executed by or on behalf of the Transferor and by or on behalf of the Transferee and specifying the name and address and occupation of the Transferee has been delivered to the Company along with the scrip and if no such scrip is in existence, along with the letter of allotment of the shares. Where the proper instrument of transfer is not received by the Company within a period of two months from the date on which the instrument is dated, the Directors may at their sole discretion be entitled to seek such documentation including indemnities as it may deem fit, from both the transferor and transferee, or from the person who has lodged the same for transfer, and the Board may at its sole discretion be entitled to give effect to the transfer on receipt of such documentation and indemnities (save where an order of a competent court is produced, the Board shall then give effect to the transfer).
 - (2) If the Company refuses to register the transfer of any shares, the Company shall within one month from the date on which the instrument of transfer is lodged with the Company send to the Transferee and the Transferor notice of the refusal as provided in Article 66.
 - (3) Nothing in clause (1) shall prejudice any power of the Company to register as shareholder any person to whom the right to any share has been transmitted by operation of law.
 - (4) Nothing in this Article shall prejudice any power of the Company to refuse to register the transfer of any share.
 - (5) The Board shall not refuse the registration of transfer on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.
66. The Board may, at its absolute and uncontrolled discretion and without assigning or being under any obligation to give any reason, decline to register or acknowledge any transfer or transmission of shares and in particular, may so decline in any case in which the Company has a lien upon the shares or any of them or in the case of shares not fully paid-up whilst any moneys called or payable at a fixed time in respect of the shares desired to be transferred or any of them remain unpaid or unless the transferee is approved by the Board. Nothing in Section 56 of the Act shall prejudice this power to refuse to register the transfer of or the transmission by operation of law of the right to, any shares or interest of a member in or debentures of the Company. The registration of a transfer shall be conclusive evidence of the approval by the Board of the transferee, but so far only as regards the share or shares in respect of which the transfer is so registered and not further or otherwise and not so as to debar the Board to refuse registration of any further shares applied for. If the Board refuses to register the transfer or transmission of any shares notice of the refusal shall within two months from the date on which the instrument of transfer on intimation of transmission was delivered to the Company be sent to the Transferee and the Transferor or to the person giving intimation of the transmission, as the case may be.

67. The Transferor shall be deemed to remain the holder of the shares until the name of the transferee shall be entered in the Register of Members.
68. Every instrument of transfer which shall be registered shall remain in the custody of the Company. If the transfer relates to the only share or all the shares comprised in the certificate, such certificate or a new certificate in lieu thereof shall, after the registration of the transfer, be delivered to the transferee and if the transfer relates only to a part of the shares comprised in the certificate, the same shall, on registration of the transfer be retained by the Directors and cancelled and new certificates will be issued to the transferor and the transferee in respect of the shares respectively, held by them.
69. The Directors shall have power on giving seven days' notice by advertisement as required by Section 91 of the Act to close the Transfer Book and Register of Members of such period or periods of time in every year as to them may seem expedient, but not exceeding 45 days in any year and not exceeding 30 days at any one time.
70. The Company shall incur no liability or responsibility whatever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made, by an apparent legal owner thereof (as shown or appearing in the Register of Members), to the prejudice of any person or persons having or claiming any equitable right, title or interest to or in the same shares, notwithstanding that the Company may have had notice of such equitable right title or interest or prohibiting registration of such transfer and may have entered such notice or referred thereto in any book of the Company; and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some books of the Company; but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto, if the Directors shall so think fit.
71. The provision of these Articles shall mutatis mutandis apply to the transfer or transmission by operation of law of debentures of the Company.

IX. ALTERATION OF SHARE CAPITAL

72. The Company may by Ordinary Resolution so alter the conditions of its Memorandum of Association as :-
- (1) to increase its share capital by such amount as it thinks expedient by issuing new shares;
 - (2) to consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - (3) to convert all or any of its fully paid-up shares into stock and reconvert that stock into fully paid-up shares of any denominations;
 - (4) to sub-divide its shares or any of them into shares of smaller amount than is fixed by its Memorandum of Association, so however that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived.
 - (5) to cancel any shares which, at the date of the passing of the resolution in that behalf, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.
73. The Directors may from time to time without any sanction of the Company, whenever all the shares in the issued capital shall not have been subscribed and whether all the shares for the time being subscribed shall have been fully called up or not, issue further shares of such value as they may think fit out of the unsubscribed balance of the issued capital. Such further shares shall be issued upon such terms and conditions (and if preference shares upon such conditions as to redemption) and with such rights and privileges annexed thereto as the Board shall direct and in particular, such shares may be issued with a preferential or qualified right to dividend and in the distribution of assets of the Company and subject to the provisions of Section 47 of the said Act with a special or without any right of voting and the Board may dispose of such shares or any of them either at par or at a premium, to any members or any class thereof or in such other manner as the Board may think most beneficial to the Company.
74. (1) Where it is proposed to increase the subscribed capital of the Company by the issue of new shares:

- (i) such new shares shall be offered to the persons who, at the date of the offer are holders of the equity shares of the Company, in proportion, as nearly as circumstances admit to the capital paid-up on these shares at that date;
 - (ii) the offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days and not exceeding thirty days from the date of the offer within which the offer, if not accepted, will be deemed to have been declined;
 - (iii) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person; and the notice shall contain a statement of this right;
 - (iv) after the expiry of the time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board of Directors may dispose of them in such manner as they think most beneficial to the Company.
 - (v) To employees under a scheme of employees' stock option, subject to Special Resolution passed by the company and subject to such conditions as may be specified in the relevant Rules.
 - (vi) To any persons, by way of passing a Special Resolution to that effect, whether or not those persons include the persons referred to in clause (a) or clause (b), either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to such conditions as may be specified in the relevant Rules.
- (2) Whenever any shares are to be offered to the members the Directors may dispose of any such shares which, by reason of the proportion borne by them to the number of persons entitled to such offer or by reason of any other difficulty in apportioning the same cannot in the opinion of the Directors be conveniently offered to the members.
- (3) The right to issue further shares provided in this clause, shall include a right to the Company, to issue any instrument, including Global Depositary Receipt.
75. Except so far as otherwise provided by the conditions of issue or by these presents, any capital raised by creation of new shares shall be considered as part of the capital and shall be subject to the provisions herein contained with reference to the payment of calls and installments, transfer, transmission, forfeiture, lien, surrender; voting and otherwise in all respects as if it had been the original capital.
76. The Directors shall, whenever there is a change in the share capital , file with the Registrar of Companies notice of the increase of the capital as provided by Section 64 of the said Act within thirty days after the passing of the resolution authorising the increase.
77.
